

## NEW LEVEL SPORTS MINISTRIES BACKGROUND CHECK

It is the responsibility of New Level Sports Ministries, to provide all of the student-athletes with a safe and secure environment where they learn and develop. For this reason, criminal background checks must be performed for anyone who has repetitive contact with the children; this includes all staff, volunteers and coaches.

To protect our children, without exception, any person whose background check reveals a conviction for a crime involving or against a minor will not be permitted to participate in New Level Sports. **All information obtained from this check will be held in the strictest confidence.**
